

MANUFACTURERS REPRESENTED

ADDA USA Inc

AC, DC Fans, Blowers and Fan Assemblies. Heat Sinks, Heat Pipes and Thermal Management Solutions

Anderson Power Products

Power Connectors up to 700 Amps, High Voltage AC/DC Connectors for Data Center Applications, Solar Connectors, Power/Signal Connectors

Bel Power Solutions and Protection

AC-DC and DC-DC Power Supplies. Front End, Board Mount and Power Shelves. Circuit Protection, Full Line of SMD, Leaded and Resettable Fuses

Bel Magnetic Solutions / TRP Connectors

Integrated RJ Connectors and Discrete Magnetics. 10baseT, 10/100, 1GBT, 2.5GBT, 5GBT and 10GBT Solutions.

Bivar

LED's, Light Pipes, Mounts, Holders, Assemblies and Solid State Directional Lighting/Linear LEDs, LED Spot Lighting and Track Systems, Power Supply and Accessories

Circuit Assembly

Electronic Connectors and Cable Assemblies; SATA, eSATA, HDMI, DVI, SFP+, QSFP, Mini Display Port and Solar Connectors, Cord Sets and Accessories

Data Modul

TFT and STN Displays, PCAP and Resistive Touch Panels, LCD Controllers, Open Frame Monitors, Carrier Boards and Embedded Solutions.

Erni Electronics

Highspeed, 2mm Hard Metric, DIN 41612, Power Connectors and Backplane Systems

ILSI MMD Ecliptek

Standard and Custom Frequency Control Products that include Crystals, MEMS, Clock Oscillators, VCXO's, TCXO's, TCVCXO's, and OCXO's. Also provides Ceramic Resonators and quartz or piezo Crystal Filters.

Littelfuse Cvp

DC Switches, Battery Disconnect Switches and Modules, Circuit Protection and Power Distribution Modules for Commercial Vehicles

Micro Crystal

Tuning Fork Crystals, Real Time Clocks, AT and HFF Crystals, Oscillators and OCXO's

Schlegel

EMI Shielding Products, Fabric Over Foam, Conductive Foam, BeCu Gaskets and Thermal Interface Products

Signal Transformer

Custom and Standard Linear Transformers and SMD Power Inductors

Stewart Connectors

Passive RJ connectors. Single and Multiport Jacks. 10/100, 1GBT, 10GBT. RJ Plugs and Cable Assemblies. RJ Point 5 Connectors and MRJ21

U.S. Sensor

Precision Thermistors, Thermistor Probe Assemblies and RTD Probe Assemblies for temperature measurement and control. Products that operate from -80°C to +500°C and accuracies down to ± 0.05°C.
